ABOUT ME

Graphic Designer & Video Editor with strong Adobe skills and a passion for visual storytelling. I specialize in generative AI for video creation and editing, leveraging next-gen tools like Google Flow, ElevenLabs, and Runway to help businesses streamline production and build high-converting video content.

Professional Experience

UZ Marketing

Graphic Designer

- Design marketing materials using Adobe illustrator and Photoshop for UZ Marketing (U.S.), including flyers, premium postcards, yard signs, banners, car magnets, brochure, sidewalk signage, business card, sticker, and t-shirt.

ROVAWORK philippines

Timmerman Industries

- At Rovawork Philippines, I collaborated with a dynamic creative team to produce engaging video content for corporate clients, marketing initiatives, and digital platforms. My responsibilities centered on transforming raw footage into polished, high-quality visual narratives that reflected client branding and strategic goals.

FUNDRAISER BLANKETS

Graphic Designer

- Designed product graphics for blankets, towels, and rally for various schools using Adobe Photoshop,
- Adobe Illustrator and Canva.
- Created visually appealing layouts that matched brand identity and client specifications.

Property Specialist

Property Specialist | Ayala Land, Inc. (Philippines)

Driven professional managing real estate transactions and client acquisitions for the Philippines' leading developer. Excelled in lead generation, contract negotiation, and marketing strategies, providing tailored investment solutions while ensuring a seamless buying experience.
